## EXPLANATION

Each race is listed by track and date, distance, type of race, placing, if in the first five and track condition in parentheses, e.g., "Ceg Au15 5-1250-3(h)" simply means the horse in question ran in Calgary on the 15th of August, at a distance of 5 furlongs for a claiming price of \$1,250, finishing third—on a heavy track.

Unless otherwise specified track condition will be considered as fast; (m) muddy, (s) slow, (sy) sloppy, (g) good, (h) heavy.

In races other than claiming, "mdns" means a maiden or non-winners' race, "alw" allowance, "SpW" special weights, "hcp" handicap, and "stks" stakes.

Distances are shown by "3" for three furlongs, etc., with "M" for one mile.

# Champion of Champions: Master Horse Feeds

What makes a champion? A well-planned program of breeding, feeding and health care. We at Master Feeds can help you with the feeding part of the program. We have been successfully working on the development of horse feeds for many years. More Canadian champions have been fed on Master Horse Feeds than on any other prepared feeds.

Master Feeds are interested in your horses and ponies. That is why we try to produce the best possible feed for them.

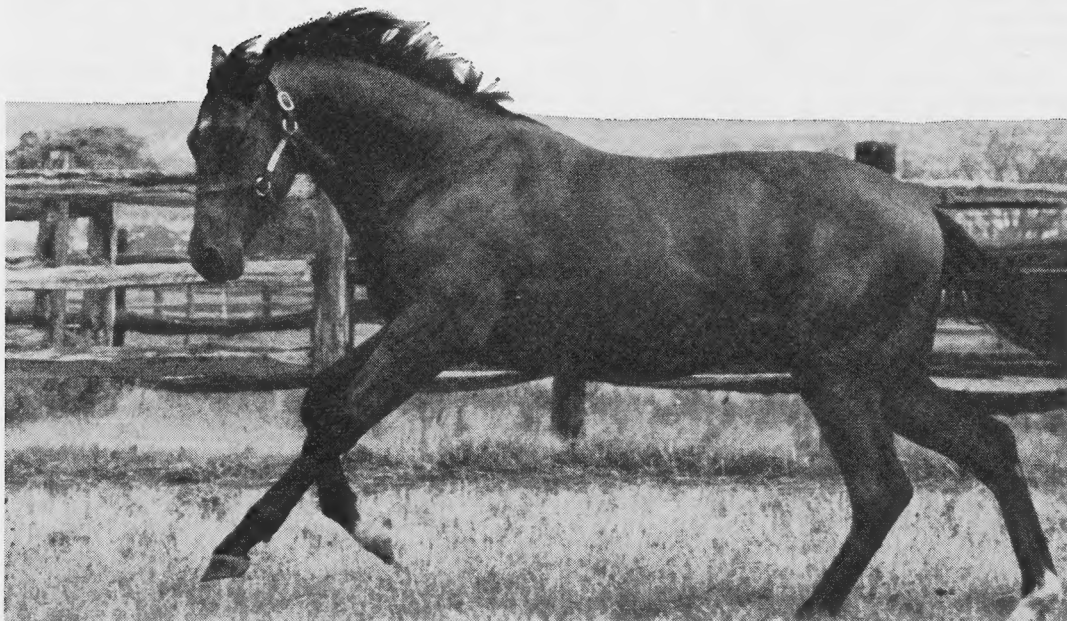

Past records show that Master-fed horses are winners. Buy Master Horse Feeds for your stable and discover the winning difference.

Consult your Master Feeds Dealer or Territory Manager.

## TWO YEAR OLDS

**FLYING AWARD** — "with the greatest of ease".

### TWO-YEAR-OLDS OF 1969

**FLYING AWARD**, gelded chestnut son of \*Maxinkuckee-Roundy's Lass by Nearctic, lived up to his name and came flying through for his Sturgeon River Ranch owners and trainer F. D. (Freddy) Jones. In 7 starts he went to the winner's circle 4 times, including Stampede Futurity S., Birdcatcher S., Kindergarten Hcp. and a maiden allowance, plus 2 seconds and a third, chalking up very substantial earnings of \$26,343 and a promise of even better times to come.

**DAUNTLESS SPIRIT**, dark bay son of Up Spirits - Clean Break by Crowfoot, owned by Bo-Teek Farm of Toronto and trained by V. R. Walker was runner-up and top money-earning two-year old at Assiniboia Downs with earnings of \$16,441 from his one-start win of the Winnipeg Futurity.

**LEDGER TIME**, gelded bay son of Bull Page - Flashy Eve was runner-up performance-wise and a close third in over-all earnings. Owned by J. & G. Brown of Midnapore and trained by Jack Hutchison, making 8 starts with 3 wins and placing 4 times, with one third he amassed earnings of \$14,172. Runner-up in the Winnipeg Futurity and Stampede Futurity, he won convincingly The Freshman Stakes and Little Papoose Hcp., leaving no doubt of his ability.

Special mention must be made of **MINI MAGIC**, bay daughter of Magic Morn, who performed spectacularly, winning 4, including Calgary Juvenile H., and The Debutante S. and two others, besides placing once in 5 starts, and earnings of \$6,785. No telling where this Cinderella filly, purchased for \$2,100.00 at the A.T.H.A. Yearling Sale would have finished, had she been nominated for the Futurity Stakes, both here and in Manitoba.

During the season a total of 250 two-year-olds started on Western tracks, a decrease of 13 from the previous year. Juveniles showing promise, to be watched in the coming year are: **JANICE MARIE** (\$4,728); **PAGE ME DOLL** (\$4,787); **DEWEY BOY** (\$4,620); **JUNE MAGIC** (\$4,607); **BLUE BONUS** (\$4,568); **GALLANT CANADIAN** (\$4,145); **KUCKEE LAD** (\$3,648).

*NOTE: All two-year-olds have been given arating, based on performance and personal observation. Ratings range from 150 down to 100. Mud running ability is rated by one star (\*) good; two stars (\*\*) excellent at the end of the breed line. Also, earnings DO NOT include WCRA bonuses.*

## THREE YEAR OLDS

FALL SESSION — "tops at any session".

### THREE-YEAR-OLDS OF 1969

**FALL SESSION**, American bred bay son of Balaclava 2nd — Brigitta Skol, by \*Royal Gem 2nd performed brilliantly to capture top honors for his owner, F. M. Clark, Sr. of Meadow Lake, Saskatchewan. Trained by W. G. "Billy" Trevenen, he showed ability on any type of track or at any distance, carrying top weight and performing in winning style against older campaigners. In 12 starts he made 7 trips to the winners' circle, placed three times and once third for combined earnings of \$23,915. Included in his 7 stake and handicap wins, were The Assiniboia Downs Gold Cup; The Spud Murphy Memorial, equalling the track record; Dominion Day Hcp. (Wpg.); Sherwood Park H., Northland S., etc. and placing 2nd in the R. J. Speers Memorial H., in which he competed against older horses, losing by only a head.

Canadian bred **WYN D'AMOUR**, bay son of \*Prince d'Amour — Wynsome, by Workans, was a close runner-up, with earnings of \$21,030. Owned by the Calgary-based F. M. R. stable of Mr. and Mrs. Fred Mannix, who incidentally were making their initial appearance in the Thoroughbred racing game, WYN D'AMOUR came through like a champion for his trainer C. A. "Charlie" Jasper, winning the Canadian Derby in Track-record breaking time of 2:21 2/5. Balance of earnings came from a third place finish in the Derby Trials, in which he gave indication of his liking for longer distance.

Special mention must be made of **TALL RIDGE**, bay son of North Cone, who progressed from the claiming ranks to win the Saskatchewan Derby and 4 other stakes and handicaps. Another colt, showing great promise, is **NORTHERN MISSION**, winner of 1st Division of the Alberta Derby.

There were 423 three-year-olds started on Prairie tracks, an increase of 114 over the previous year. Thirteen others, in addition to the top three had earnings of over \$5,000. Horses to watch in future: ALITRUST; ALWAYS SHY; LITTLE BAFFIE; FARE UNION; HARRY SAFARI; PARKES; LARS THEME; PRIDDIS DANDY; KINLOSS COUNTY; ROYAL IMPEL.

*NOTE: Ratings range from a high of 208, to lows between 95 and 100, based on performance and personal observation. This must in no way be construed as speed rating. Mud ratings are classified by one star (\*) good, and two stars (\*\*) excellent at the end of the breed line.*

### FOUR-YEAR-OLDS AND UPWARDS OF 1969

**SIoux CADET**, seven-year-old gelded chestnut son of \*Soodani - Stream E. by Goldstream campaigned like a trooper and earned top honours in the 4 and up category for his proud owner J. R. Edwards of Edmonton. Trained by Harold Barroby he made 12 starts with 4 trips to the winner's circle, including the prestigious Speed To Spare Championship; Salute To Youth Purse; Klondike H.; placed 2nd 5 times, including Harvest Gold Plate and was 3rd in the Teeworth Plate for combined earnings of \$28,705.

**GREAT GALE**, gelded bay 4-year-old son of Ky. Lea - Gail Circle, by Great Circle, owned and trained by J. R. Anderson of Devon, Alberta was runner-up with 5 wins, a second, 2 thirds and 4 fourths from 13 starts, including the Teeworth Plate, The Westerner H., and Sherwood Park H. for total winnings of \$17,439.

**Special Mention** is awarded to consistent winner **RAGTIMER**, who in 16 starts, was never out of the money with 6 wins, 4 seconds, a third and 5 fourths for total earnings of \$8,926 (all in the claiming category); also **WEEDANI**, winner of The Joey Clmg. Hcp. for 1 5/8 miles, who set a New Track Record of 2:49 3/5 (knocking 1 1/5 seconds off the old record); this horse looks like he could run all day and is one not to ignore in the coming season.

There were 953 starters, including WCRA, Assiniboia Downs, Lethbridge and Saskatchewan, an increase of 86 over 1968.

**EDITOR'S NOTE:** The W.C.R.C. bonus is NOT included in the records. To assist those who wish to include bonuses, they are applied on the following basis on races valued at \$5,000 and under: \$73.19 for a win; \$23.24 to second; \$11.62 to third; \$5.81 to fourth and \$2.32 to 5th.

# FULL "HORSEPOWER" NEXT SPRING.

Winter brings two serious health hazards to your horses. Highly infectious equine influenza (the cough) is particularly prevalent. Parasitic worms picked up while on pasture multiply, sap vitality and cause gastrointestinal disorders.

Both threats to your horses' health are easily controlled with a managed winter health plan. Clean out worms with Dyrex... immunize against influenza with Fluvac.

Look forward to next spring... a healthy, frisky mount with full "horsepower" is more fun.

Fort Dodge Laboratories, Fort Dodge, Iowa.

\*T.M. Registered.

## FLUVAC\* Influenza Vaccine

Produces positive immunity against *both A-1 and A-2* influenza virus strains. Fluvac guards your horses, particularly the younger ones, against serious setbacks and even permanent health damage resulting from flu. Play safe... ask your veterinarian about Fluvac.

## DYREX\* Worm control

A single dose removes *all* types of vitality-sapping equine worms: large and small strongyles, ascarids, pinworms... even bots. Safe, convenient to use. Treat one month after first frost. Consult your veterinarian.

## MUDDERS

Why do some horses flop and flounder in mud while others love it and have no problems. This is a problem that has worried turfmen for a long, long time. No one knows the answers. Several points have been made with regards to which horses do best on muddy strips:

Horses who break quickly have a decided advantage so look for a front runner.

Horses that have been crippled, especially those which have been fired, are poor mudders. The strain on weakened ligaments is the big handicap.

Bad-footed horses, different from leg cripples, often do well in mud.

Strong-built horses, if properly gaited, excel in heavy going. Those with a long stride are more apt to slither and slide in mud than well-collected, quick-stepping campaigners.

It appears that the size of a horse's foot has nothing to do with his mud-running ability. Horses have won on "off" tracks wearing racing plates of all sizes from '2' to '8', but if a horse's plates are not properly equipped with corks or clips he is liable to struggle through the rough going.

## WHAT'S IN A NAME

A filly by SPEEDY DEPARTURE out of PICTURE was named ANTS. A stallion SLIPPED DISC was by DECATHLON out of ACHING BACK. BICARB was out of BRIDE'S BISCUIT by HARD TACK. OBJECTION by REJECTED out of NOT GUILTY by THIRD DEGREE. IRON BAND out of BINDING TIE by UNBREAKABLE.

## FLAT

The Racetracker had suffered a terrible day at the track. He was having such luck, he couldn't have won a fixed race.

To top it all off, he awoke in the middle of the night to find his wife searching frantically through his pants pockets. The eminently unsuccessful punter thought for awhile, then fed up, he growled, What're you looking for — LINT?"

## VERSATILE

It was announced that, during the off-season, the clubhouse at Golden Gate Fields would be operating as a discotheque under the name of Golden Gate A Go Go.

For the benefit of punters, they ought to change the name of the track during the on-season to Dollars A Gone Gone.

## SUBJECT TO CHANGE

As noted in a newsletter of the Thoroughbred Breeders of Kentucky, John A. Bell had a two-year-old by Weather Bureau — Bond Dell last year which he named for the Chinese weather prophet USULEE WONG.

This year he named the colt's full brother SOMETIMES WIGHT.

Total purses paid to Thoroughbreds performing on tracks of the Western Canada Racing Association Ltd. reached another record for the 1969 season. With 106 days of the sport being carded at Victoria Park, Calgary and Northlands in Edmonton. Purses amounted to \$1,555,862, slightly ahead of the previous high of \$1,552,434 awarded in 1968.

Under a standing agreement with the Prairie Division of the Horseman's Benevolent and Protective Association, 57½% of the 9% deducted from the pari mutual betting is funnelled directly into purses. During the 1969 season a total of \$1,458,428 was paid out in the form of advertised purses, leaving a bonus distribution of \$96,434 to be distributed over the 830 acres participating. Races of a value of \$5000 or more do not share in any post season bonus.

Based on the same breakdown as that employed on the regular purses during the year, the bonus amounts to \$116.18 per race of which 63% or \$73.19 goes to each winner; 20% or \$23.24 to second; 10% or \$11.62 to third; 5% or \$5.81 to fourth and 2% or \$2.32 to fifth.

Addition of the bonus brings the minimum purses paid at Calgary and Edmonton in 1969 to \$1516.18 while the average purse stood at \$1,834. After nine years of operating under the percentage purse system, total bonus purses have now reached \$987,564.

Cheques covering the additional purse money were in the mail to horse owners early in November.

## COMPENSATION

From the Frontier Nursing Service Bulletin comes this tale of a Hampshire woman who had noticed the following advertisement: "Horses taken to grass. Long tail three shillings and sixpence short tails two shillings."

When she enquired about the difference in price, the countryman answered: "Well, 'ee see ma'am, the long tails can brush away them flies but the short 'uns are so tormented by 'em they hardly eats at all."

## WHAT WILL THEY TRY NEXT?

Scarborough Downs, near Portland, Maine, has come up with a novel approach to the Scott Gate, where patrons are let in free after a certain race. The people who come to Scarborough before 6:30 will be admitted free, while the people who come after that will have to pay admission. It is rumored they are going to call it the "Don't Be Late Gate."

Backstretch Charlie has been doing some reading and recommends the following to the Jockey. The story of The Straw That Broke The Camel's Back. To the Stewards the story of The Three Blind Mice. To management the story of The Goose That Layed the Golden Egg. The moral are obvious.

## WE MOURN THE PASSING OF

Mrs. Lee (Marion) Williams, well-known Alberta horsewoman, who passed away, suddenly, Sept. 14, 1969. Mrs. Williams, the former Marion Peacock, married live stock commissioner and thoroughbred breeder and owner, Lee Williams in 1919.

In tribute to Mrs. Williams, "The Marion Williams Memorial Handicap" will be a Fall Meet Feature Race of the Lethbridge Summer & Fall Race Meetings, in recognition of the help she gave youth groups involved in sports and particularly those concerned with horses.

Besides her husband, she is survived by one son, Dr. Jack Williams of Rochester, New York and 5 grandchildren.

Mrs. Earl Robertson (Helen) or 'Billie' as she was known to a host of Thoroughbred racing friends and one of the West's best-known horsewomen, passed away Sept. 9, 1969. Born in Wetaskiwin, she spent all her life in this area.

"Billie" owned Flying Joe (Derby winner) and took a personal interest in Frank's Mistake, Alberta Derby winner of 1968, owned by Lee Williams, for whom her husband Earl trained. She also raised Spangled Jimmy, who captured the first Canadian Derby raced at Northlands Park in 1957. Besides her husband, she is survived by a daughter, Mrs. Dorothy Morel of Vancouver; two grandchildren, four sisters and 4 brothers.

## CLAIMING HORSES ARE NEEDED

When you stop and think, could the tracks fill eight or ten races a day with \$100,000 stakes winners? The answer is NO. The claiming horse is a needed facet of racing. Without them there would be no racing. So I say, to heck with the people who say you shouldn't own Thoroughbreds. These people can usually tell you how races are won, how stakes-winners are bred, can quote statistics until you are dizzy, but how many of them have mucked out a stall, or sat up on a winter night with a foaling mare, or had a horse of any age nuzzle their neck or hand. Claiming horses and their breeders are the back bone of the racing industry.

LOVE YOUR HOST, well back early, closed with a rush in the drive. ORDER ME NOW, always close up, finished well. NORTHERN MISSION and MAX WING finished gamely in the stretch run. DOROTHY GLYNN was driven up to force the pace after three-quarters and tired. ICY SONG, with the pace throughout while racing on the rail, held a clear lead on the final turn but ran out badly to drop back. DOBBINTON forced the early pace then was eased in the final quarter.

BROKEN BUBBLE closed up well after being well back during the early running. KY. QUILL, with the pace throughout, tired after turning for home. GREAT GALE was left when the break was taken and dropped away back to trail his field. DARK SECRET was bumped at the first turn by LONK and failed to recover. FUN SALE tired after setting the pace. NOTE: Record figures for mutuel handle and attendance were recorded during the 56 day racing season at Assiniboia Downs. Mutuel handle showed an increase of 5% for an increase of \$504,860 over 1968. Attendance was up 2% for an increase of 5,074 over previous year.

Purse distribution of \$682,470 was a substantial increase over the previous year's record of \$566,485. Emphasizing the policy of progressive increase in purse money to attract better horses, an announcement was made that the Manitoba Centennial Derby, to be run 15 July, 1970, Manitoba's 100th birthday as a province, will carry a record purse of \$70,000 guaranteed. This has attracted 378 nominations from all parts of Canada to establish a new Downs stake record.

**LOOKS BAD**

A visitor to a Latin land saw a handsome horse and enquired of the owner whether it could be purchased.

He would sell, said the somewhat startled owner in broken English, adding that the horse "no look good."

The visitor thought the horse looked just fine and the price was even more attractive, so he paid cash on the spot.

When he subsequently discovered the horse was virtually blind, he angrily returned to the seller.

"But that's what I tell you," said the South American David Harum. "He no look good."

## WINNING POST POSITIONS — 1969

The year 1969 was no exception to previous years — over 80% of all races won were from inside post positions, one to five. At Calgary, Edmonton, Lethbridge and Saskatoon #1 was the favorite while in Regina #3 and #4 showed to best advantage.

Numbers 1, 2 and 5 gave the most wins at Assiniboia Downs, with 20% for number 1, 15% for number 2 and 13% for number 5.

## PLAYFAIR RACE COURSE

Playfair Race Course, home of hospitality, one of the West's fastest growing horse racing facilities, has piled record on record while expanding rapidly in the last seven years.

Located in Spokane, Washington, the five-eighths mile oval annually presents some of the Northwest's richest and most prestigious fall events.

Under the guidance of George C. Manos, Playfair has poured more than three-quarters of a million dollars into improvement of its facilities in recent years, and at the same time, rapidly increasing attendance and pari-mutual handle have led to sharp gains in purse distribution.

Almost one-half million dollars was disbursed in purse money during the record 1969 meeting and that figure is expected to be topped in 1970.

During the past season, purses for many stakes events as well as supporting features received large increases over the advertised values.

Playfair conducts 12 weeks of racing, ranging from mid-August to early November, with action on Wednesdays, Fridays, Saturdays and Sundays. A fine lighting system permits twilight racing on mid-week programs and consistent post times throughout the season.

With the richest and most important events delayed until mid-season, Playfair annually provides a common meeting ground for Thoroughbred stars from Oregon, Idaho, Montana and Canada as well as Washington.

The major events include the \$17,000 estimated Spokane Futurity for Washington-bred two-year-olds. All but two events on the extensive stakes and feature calendar are designed for open competition; Silver Double, owned by the G and R Stable of Calgary, captured the 62nd running of the Spokane Derby in 1968.

Canadian-based stables, trainers and jockeys have competed with high success during the Playfair campaign for several years. The 1969 meet was no exception.

Veteran rider, Robert Dimma and apprentice Charlie Billingsley followed successful meets in their home country by finishing among Playfair's top 10 riders. Frank Inda, a former Canadian riding star, was the jockey champion.

The plant itself features, in addition to lights, modern, heated box seats, closed circuit television, enclosed turf club and clubhouse along with a unique paddock room which provides indoor comfort at the end of the stretch. Playfair is a member of Thoroughbred Racing Associations and, as a member, endeavors to present racing on its highest plane.

The sport's rapid growth in Eastern Washington is the best testimony that Playfair's investment in its future and that of Spokane is reaping rewards for itself, the state, the area — and the horsemen.

## TO "BUTE OR NOT TO BUTE"

There was a time when sports of all kinds was something that one indulged in for relaxation and for pleasure. Now, it appears "Win at all costs," is the philosophy.

As a nurse, engaged in the art of healing, I dislike running horses on medication, which can have only one significant deleterious effect on the horse's future usefulness. Any human or equine practitioner knows that a painful joint can never heal if it is obliged to work under the constant dampening effect of a pain killer. Pain is nature's warning to the human or animal being that an injured area should be rested and not abused. (The one big difference here is that the human can say he hurts, but the animal can not). Cases in which racing under steroid or Butazolidin therapy has resulted in destruction of the articular cartilages of the affected joint. Even one combination of steroid injection and racing starts a destructive procedure which may or will progress to the point where a horse is a permanent cripple.

Horses raced on diseased joints are not safe to be raced, either to their jockey or to the horses and jockeys included in their race. Another point refers to the horse that has been claimed, the new owner does not know what he has bought and like a watch with a deficient mainspring — it cannot be returned to the owner.

The argument has been given to me that hockey players, football players, etc. are medicated for joint troubles. My one and only answer to this is "Be that as it may — the human sport has the prerogative of saying YES or NO, the animal hasn't." The same goes for ice tubs, et al.

All I know for sure is that in humans when medication wears off, he suffers more and the cure is to treat and rest the area, and this goes for animals also.

Many horses develop ankle trouble, but if you stop quickly and turn them out for periods of a few months to a year, they will come back sound and stay sound and instead of having a medicated horse which will win maybe two or three purses in one year and then be finished you will have a sound horse that can carry on for several years, but my opinion and I might add the opinion of many others is that the reason so many use medication to keep the horse running is because the owner or trainer is hungry for the purse, especially at some of the cheaper tracks. Some people will do anything to make a buck.

A high percentage of owners and trainers are those who have little real knowledge of, or feeling for a horse, they have never brought a foal along or been associated with horses over a sufficient period of time to have gained the judgment to be entrusted with the administration of a drug such as Butazolidin, they look upon a horse solely as a potential money-making machine or on something on which to win a bet.

I do not advocate the banning of "Bute" but I do feel that it should be administered only under rigid control. All horses receiving it should be reported to the stewards and the track 'vet' should decide whether or not the condition for which the horse is receiving 'Bute' is of such a nature that racing will not jeopardize his future or the jockeys.

## RECORDS OF TRAINERS ON W.C.R.A. CIRCUIT IN 1969

H. J. Barroby topped the list of trainers on the W.C.R.A. circuit. In 1969 he had 255 starts with 44 wins, 38 seconds, 41 thirds and 32 fourths.

Clarence Dick and Billy Matier tied for runners-up positions, although they had considerably fewer horses in their care than did Barroby. Matier rarely had more than eight horses in his stable and proved very adept at being in the right spot, at the right time, when it came to making claims. Clarence Dick made 161 starts with 30 wins, 26 seconds, 14 thirds and 21 fourths, while Billy Matier also had 30 wins from 108 starters. He also chalked up 22 seconds, 16 thirds and 14 fourths.

At Assiniboia Downs R. J. Watt and G. Danelson tied for first spot with 21 wins apiece and Lethbridge leading trainer honors went to Mrs. Frank Miller, with 7 wins, runner-up was Arne Ferguson and Phil Weist.

Following are the trainers, listed alphabetically:

## **WESTERN RIDING STATISTICS — 1969**

Ken Whittle won his second straight Alberta jockey championship with 95 victories during 106-day season, nine ahead of runner-up Billy Norris, who brought in 3 victories the final day boost his total to 86. Rick Hedge won the apprentice jockey championship with 52 winner

At Assiniboia Downs, Bobby Stewart also won his 2nd straight Manitoba Jockey honors. His national riding established a new record for the Downs with 90 trips to the winner's circle in 56 days of racing.

A unique record was also established when Miss Barbara Jo Rubin was at the Downs for the opening two days of the meeting. Miss Rubin became the first woman rider ever to win on a recognized Canadian track, but not to be outdone by the Downs, Southern Alberta had the Barbara also. Mrs. Barbara Suitor, a pert little blond from Arrowwood received her jockey license on Sept. 19 and on the 22nd became the first woman jockey to win a race on a recognized Alberta track. In Saskatchewan, Viola Thomas, 1st Alberta licensed woman jockey, after several vain attempts in Alberta, won in Regina.

Alvin "Sliver" McCauley took over top position on the Lethbridge course with 23 wins and DWain Wiseman, losing his apprentice allowance, was runner-up with 17. McCauley had 2 five win days and Wiseman 4 wins on two occasions.

Gene "Slugger" Giesbrecht topped the riders on the Saskatchewan circuit with 37 wins while Kipling and R. Correa tied for runner-up honors with 17 wins each.

**NOTE:** Due to the new set-up of the W.C.R.A. and Saskatchewan we have had difficulty in receiving complete information with regard to charts and records, we therefore apologize for any errors in the above statistics. Following is a list of Jockeys, from Western tracks, we regret we are only able to give combined statistics on the top ten riders from each track, although WCRA and Saskatchewan are fully covered.

## JOCKEY PROBLEM

Seventy-five years ago Bill Daly came near solving the jockey problem or nearer, I should say, than any other owner in the East at that time. He made periodic visits to the orphan asylum where he secured one or two likely youngsters and bound them to a term of apprenticeship similar to that practiced in England. By these means he gave a boy four or five years of valuable experience for which he was amply repaid by the balance of the time the youngster was riding for his stable. I wonder though if he was bothered with weight problems, in those days the youngsters in orphanages weren't too well fed so I would imagine a steady diet of three-square meals a day would put on the poundage. At any rate in these times, we won't have to worry about a jockey problem, now that girls are beginning to take their place in the riding colony. Right here, in the surrounding district of Calgary and Edmonton, there are some fine girl riders, so who knows, maybe by the time we get round to building the size and type of track that Edmonton and Calgary deserve, we'll also have some female jockeys.

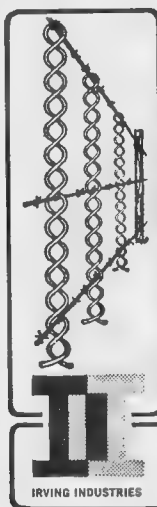

## HAT'S OFF TO THE GROOM

When a horse wins a big race, his photograph is distributed throughout the country. The horse's owner, trainer and jockey are identified. If it happens to be a winner's circle scene, the photograph is apt to include the assistant of the deputy vice-president of the local Turf Club; Miss Gold Brick, star of the local raffle; little Milly Smith, daughter of a friend of a friend of the Clerk of the Scales and various other irrelevant persons, but standing there, holding the horse is the man whose care is partially responsible for the victory. He's treated as a 'Nobody.' If mentioned at all, he is usually identified as "the groom."

Grooms have names and their names can easily be included in the captions to photographs in which they appear. A few, very few, who are associated with tremendously successful horses, manage to get their names in print. The vast majority don't.

The groom is the one who knows the horse — knows his sore spots — knows if he is off his feed — gives him the little bit of 'extra' attention — brushes, bathes, encourages, hot-walks and what have you — so from where I sit, the groom is a very important part of racing and in my book "A Somebody." A few measures have been taken to improve the lot of the grooms, hot-walkers and exercise boys by making backstretch living conditions more pleasant and such a program is undeniably beneficial, but much more needs to be done. This all takes time and money but in the area of human relations, the groom's lot can be improved immediately, with a flick of the finger and at no cost to racing associations. Give the grooms the recognition they deserve. It won't cost anything and it might give a helpful boost to the morale of an individual who is vital to the success of any horse.

### INJURY-PRONE HORSES

Why are our horses so injury-prone as to need medication, if they are to race. Leslie Combs II, leading market-breeder, owner and member of the Kentucky Commission said "There is no question we race two-year-olds too early and too often — also there are too many inferior stallions and mares, particularly mares, are being used for breeding purposes."

As far back as 1959, the late Sunny Jim Fitzimmons criticized modern day training conditions as of that date, and these conditions apply today, 10 years later. We have crowded race tracks, closing at 10 a.m. or shortly after to training, lack of competent or willing stable help, who want to quit early, which necessitates keeping horses in their stalls 23 hours of every 24, and gives no opportunity for sound training methods, so you see, the fragility of our horses is blamed on everything from their parents, to training conditions, stable help, type of race tracks, too early and too constant racing, too many ice packs, too much medication, etc., etc. One almost wonders if there is anything right in the set-up of the sport. Among other observations made, half-mile and five furlong tracks cause horses to run on three legs, as it were. We need long straight-aways. We try to get too much mileage out of our horses — in other words they are raced so hard, so long at a stretch and so frequently they are more often crippled and thus in need of more medication than the majority of horses of past generations. One only need look at the number of most recent Derby winners who are in training now. Of the last ten winners the majority did not even start at four. It can be argued that there was more money to be made by retiring them to stud, but the real truth is that they were not fit to run without constant medication and this was taking the chance of losing the horse altogether, due to broken legs, etc., or the chance the horse would lose races which would ruin his image and therefore his desirability as a stud.

### WHAT'S IN A NAME

Some clever names were found in the 1966 crop of two-year-olds. RUMBLE SEAT is out of WAR HANDS by ROUGH 'n TUMBLE; TUFFONABU GET is out of STERLING SILVER; PRINT YOUR OWN, out of COUNTERFEIT by ONE TRY; COL ASSIST, out of TAIL WIND by \*ARCTIC PRINCE and PANTY RAID out of FIRST BLUSH by PANTENE.

### WHAT'S IN A NAME GAME

Southern Alberta was blessed with good weather for a change, helping to boost the mutual handle from the previous wet year and bad track conditions. Although the handle was up from 1968, there was a definite decrease from 1967, when 9 days of racing were run with a Mutual Handle of \$568,454, a difference of \$54,803 over 1969, or approximately 9 to 10%. It was felt by most of the betting public that a new tote board would be an advantage.

## GOOD NEWS FOR WHALES

With the proliferation of Thoroughbred racing in recent years, it is fortunate for the remaining whales that fibreglass was invented. For years the backbone of a jockey's whip was whalebone. Steel was tried but had a tendency to bend and set. Today they are made of fibreglass. Paddock Pete just dropped by and commented he was surprised about the whales, he didn't know they used whalebone, he heard they used electric eels.

## CONGRATULATIONS TO MARQUIS D

Saskatoon has beaten the rest of the in Saskatchewan and Alberta — in other, they put their money where their mouth pulled up their socks and went to work on a furlong plant.

Instead of throwing up their hands when loaded by the Western Canada Racing Assn., Saskatonians have gone into racing than before. They spent money they hadn't made to throw up a new plant (Marquis D on the Exhibition grounds.

The track is crowned for better drainage, it is banked over gradually on the turns, not to give the pole horse undue advantage. track surface, specially engineered for the Saskatchewan area, is a 9" compacted base of blow and a 9" surface layer composed of sand and top soil in a 50-50 mixture. surface, according to the engineers, will absorb so much water and then become impervious, sending the excess moisture into an infield lo which will serve a dual purpose — drainage beauty.

Of special interest, the backstretch level is higher than the homestretch, to afford a viewing of the action.

There is spectator accommodation for 10,000 and the ultra-modern steel-concrete-glass grandstand, along with the rest of the plant, has been constructed so that future construction will be facilitated.

So like the man said, it's an ill wind that blows nobody any good. Regina (fighters from the back) and Saskatoon (dittos) will find they can stand on their own feet.

General Manager Tommy McLeod will have ups and downs, good days and bad, but in the long run it will be successful and judging from the comments of the trainers and owners who ventured to Saskatchewan from Alberta, Winnipeg, we have heard nothing, but good about you fellow Prairie buffs, to the east of us, your spirits up, and look for some pleasant prizes in 1970. A little bird tells us, your season will be full, your races complete, Albertans coming, a new five-furlong plant, sounds most sweet.

## SOUP'S ON

One of Sunland Park's innovations is their "Derby." A half dozen mares and their yearling foals are led onto the track midway of the homestretch. The foals are held there by the gate while the mares are led to the finish line. When the youngsters are released, the first "discovery" guest" is declared the winner.

## UNRACED MARES

Not much publicity is given to the occurrence of outstanding horses which are produced by unraced or light-raced mares. As far as I know, the fact that Damascus's dam was unraced, and with several of the near females in his pedigree was kept a secret and just swept under the carpet.

## A FUNNY THING HAPPENED TO ME ON THE WAY TO THE RACES

The racing year has been and went, leaving most fans without a cent.

But me, this year I won at the races and not from off the form chart basis.

The first of the season I lost from the start, couldn't pick a winner, not even a part.

I studied forms till I was blue in the face, but couldn't get a winner in even one race.

Then one day it hit me, like a bolt from the blue and I knew just what I was going to do,

I'd watch for a horse, twice or thrice up the track, bet him on the nose and bet him right back.

It worked like a charm and I'm happy to say, I cashed in on bets, at least twice a day.

My further advice on filling your sock, is forget the horse and bet on the jock.

Heed my words, when you go racing next spring, and be happy like me,

Your pal, Dingaling.

## CAUTION

Visitors to Churchill Downs, when greeting friends on the backstretch, would be well advised to use such expressions as "How are things going" or "What's new?" Above all, don't say "What's the latest dope?"

## ASSINIBOIA DOWNS

Hon. Phillip Petursson, Minister of Culture, announced today that an invitation has been extended to Her Majesty Queen Elizabeth II and His Highness Prince Phillip, to attend the Manitoba Centennial Derby to be run on Wednesday, May 15th, 1970 at Assiniboia Downs.

The 1970 Manitoba Centennial Derby will be a feature of Manitoba's 100th Anniversary and will carry a purse of \$70,000. This will be the richest race ever run in Western Canada and the winner will be guaranteed \$42,000.

Mr. Petursson also announced that, in connection with the Centennial Derby, a giant stake will be run with a total prize list of \$439. The winner will receive \$70,000, \$27,000 second prize and \$17,000 third prize. Drawers of other horses, as specified in the scheme, will divide a further \$7,000. There will be 70 cash prizes of \$207 each.

In addition, \$26,400 has been allocated for "Early Bird" draws, scheduled for March 17, May 15 and June 17. On each of these dates, three tickets will be drawn. Holders of the winning tickets will get \$1,000 each, with an additional \$1,000 each going to the sponsors of the centennial project listed on the ticket, and \$200 to the individual ticket seller.

Books of sweepstake tickets are to be available about mid-December to anyone including organizations, corporations, municipalities and the like — having an approved centennial project. These can be sold beginning January 1, 1970.

Mr. Petursson explained that each book contains a dozen \$2.50 tickets, for a total value of \$30. The seller retains \$5 (or two tickets) and remits \$25. Of this amount, a quarter of \$6.25 — is returned to the sponsoring organization in the form of a grant. Ceilings on grants amount to the full cost of the centennial project being undertaken by the sponsoring organization.

Mr. Petursson said the sweepstake was designed to benefit as much as possible approved centennial projects. The amount of centennial prize that can be earned through tickets sales could be substantial, he said.

It is expected that the Manitoba Centennial Derby will become one of the major horse races in Canada, not just in centennial year but in years to come.

NOACCEPTION, alert away from the gate, took the lead at the first turn, held a long lead on the final turn then was not under pressure in the stretch run. MINI MAGIC, with the pace at the first turn, drifted out slightly then finished well to the end. MERRY'S HI NOTE raced closest to the winner throughout and finished gamely in the stretch run. PINE PASS ran out at the first turn bothering BOLD GRIN and was pulled up when well back.

BROWN HACKLE is currently at the top of sire standings in North America on a percentage of winners from starters basis, with a perfect 12 for 12 record. Only 2 stallions in America had achieved this record to 30 September 1969.

TALL RIDGE trailed his field for three-quarters then closed with a rush on the outside and was up in the final stride. ALITRUST, always well placed, moved up to take the lead after making the final turn then just failed to hold the winner safe. NORTHERN MISSION, well back during the early running, moved into contention on the final turn while moving through on the rail, was blocked behind horses while finishing strongly and was swung to the outside, then failed to recover. ALWAYS SHY, alert away from the gate, ran out at the first turn.

This was TALL RIDGE'S second \$5,000 stakes win in 6 days. He had previously won the Saskatchewan Derby. TALL RIDGE'S earnings at 2 and 3 are in excess of \$20,000.

NORTH CONE is the current leading Alberta based sire of 3-year-olds, on a money-won basis. He achieved this with his first Canadian crop of foals. NORTH CONE, himself a good Stakes-winner, is a grandson of PHAROS and is out of a mare by the French Derby winner, CILLAS.
